

# IMPACT

## Youth Employment Research Project

In partnership with 8 agencies along with University of British Columbia, the goal of the IMPACT Youth Employment Research Project is to support Transitioning Youth with Developmental Disabilities and/or Autism in a structured research and innovative pilot project. The project will improve employment related planning and supports. The researchers will study and determine the advantages of and best practices for early employment interventions for transitioning youth.

***Are you a youth with a Diverse ability who is interested in working?***

***Come and learn about the IMPACT PROJECT!***

WISE Employment Solutions, UNITI is happy to announce the **IMPACT YOUTH EMPLOYMENT RESEARCH PROJECT**.

-  *This project is a great opportunity for youth ages 15 -19 or students from Grades 10 through 13 who are preparing to move from secondary to post-secondary and/or employment.*
-  *Improve your employment outcomes*
-  *Learn about your employment related interests and strengths*
-  *Help to prepare for success in the workplace through a series of learning labs*
-  *Building your skills sets through interactive activities*
-  *Learning how to apply and interview for work*
-  *Expanding your circle of people and networks*

The IMPACT Project runs from January 2020 – December 2022.

**Recruitment/Intake: March 1<sup>st</sup> to April 30<sup>th</sup> 2022**

**Start date: June 1, 2022**

Contact us to learn more about the project and how you can get involved:
